3000 SCHOOL PEOPLE INVITED TO CONFERENCE HERE

Meeting Here Will Consider Many Problems

Varied and significant problems concerning elementary schools will be considered by participants in the Second Annual Conference on Elementary Education at Northwest Missouri State Teachers College in Maryville March 20. More than 1200 guests are expected to hear these questions discussed by the noted educators attending the meeting.

Opening with President Uel W. Lamkin, head of the College, presiding, the program will get under way with a consideration of "The Philosophy of Elementary Education," by Supt. Carrol R. Reed of Minneapolis.

"Elementary Course of Study for Missouri" is another highlight of the Conference, which will be discussed by Lloyd W. King, state superintendent of schools.

Supt. Carleton W. Washburn, Winnetka, Ill., will take the affirmative, Dr. Elmer Ellis, University of Missouri, the negative, and Supt. Willard E. Goslin, Webster Groves, the evaluation of the following issue: "In Consideration of the Modern Philosophy of Education and the Findings of Educational Psychologists, the So-Called Activity Schools with an Activity Program Should Replace the Traditional Elementary School With its Traditional Subject Matter Program."

With Homer T. Phillips, chairman of the department of educa-

tion at the College, presiding, the afternoon session will open with a talk on "The Evolution of the Course of Study in Social Studies in the Elementary School," by Dr. Elmer Ellis.

He will be followed by Supt. Washburn, who will speak on "The Functional Social Science Curriculum in the Elementary School."

The final events on the program will be three demonstration lessons in the social studies to be conducted at the primary, intermediate and upper grade levels. Visiting teachers will be privileged to observe the demonstration at the level desired.

Miss Chloe Millikan, supervisor of the kindergarten and primary department, will be in charge of the primary demonstration; Miss Mary A. Keith, supervisor of intermediate grades, of the intermediate demonstration, and Miss Dora B. Smith, supervisor of upper grades, of the upper grade demonstration.

To Hold "M" Club Banquet Tonight

The M Club banquet will be held tonight in the South Methodist Flats, starting at 6:30.

The principal speaker of the evening will be M. Ray Bloomfield and during the evening Coaches Davis and Stalcup will be called on for short speeches.

Donald Sipes, president of the M Club will act as toastmaster, and Donald Francis will introduce the team captains and the alumni members.

WHY THE CONFERENCE

To accentuate the place and importance of elementary education in the total pattern of the American Educational System is the purpose of the conference. Most state and national educational organizations devote the major portion of their programs to education at the college and secondary school levels. The conference of Elementary Education was organized with the view to extending the service of the Northwest Missouri State Teachers College to a large group of its constituency the teachers in the rural and elementary schools of this district.

Ned Colbert Wins Another Promotion

Dr. Edwin H. (Ned) Colbert, son of Mr. and Mrs. George H. Colbert of Maryville, and a former student at the College, has been appointed associate curator of the department of geology and paleontology at the Academy of Natural Science in Philadelphia, according to an article in Science Magazine for March 5.

Dr. Colbert, who is assistant curator of the department of paleontology in the American Museum of Natural History in New York, will retain that position along with his new one.

A graduate of Maryville high school, he attended the Teachers College here from 1923 to 26, going to the University of Nebraska where he won a Columbia University fellowship. Obtaining an M. A. degree and a Ph. D. there, he was appointed assistant to Henry Fairchild Osburn, noted head of the Museum of Natural History in New York, which position Dr. Colbert held until his appointment to the staff.

Mr. George H. Colbert, his father, is the oldest member of the College faculty in point of service, having taught here for thirty-one years.

Viennese to Speak At Next Assembly

Dr. Paul Dengler, well-known lecturer and visiting professor at the University of Kansas from Vienna, will speak in assembly at the College Wednesday.

The author of various articles and the book, "New Education in Austria," he has taught at the Universities of California, Denver, Hawaii and was visiting professor at the Universities of Colorado, Kansas, Indiana and Iowa.

Founder and director of the Austro-American Institution of Education in Vienna, he was also director of International Students Camps in 1911-14, and leader of Education Experiments from 1919 to 28. At one time he made a lecture tour which covered a territory including forty-six states and Hawaii, and has since made tours under the auspices of the Institution of International Education.

Problems In Elementary Education Will Be Discussed By Noted Teachers and Administrators

Through this issue of the MISSOURIAN, Northwest Missouri State Teachers College sends its invitation to more than 3000 Northwest Missouri teachers to attend the Conference on Elementary Education at the College in Maryville, March 20.

Speakers of wide reputation will address the Conference on subjects of vital interest to Missouri educators. The featured guests will

President Uel W. Lamkin, well-known administrator of Northwest Missouri State Teachers College, will welcome the visitors and preside at the morning session. Homer T. Phillips, chairman of the department of education at the College, will be in charge of the afternoon meeting.

Carrol R. Reed, who will give the opening address, is a familiar personage to educators throughout America. Vice-president of the National Education Association, he also holds the following honorary positions: President New England Association of School Superintendents; member, the National Commission on Articulation of the Units of the American School System; member, the Executive Committee of the Department of Superintendence of the N. This year he founded at Winnetka the Winnetka Summer School for Teachers, which opened with an enrollment of over ninety experienced teachers and school officials drawn from twenty-three states, and from Canada, Scotland, Norway, and South Africa. Lecture engagements have taken him into many states and into Canada and Europe. In 1922-23 he visited well-known experimental schools in Europe. Four years later, after

have been waiting and watching for the climax—the mythical all-conference teams.

This year to date we find two all-star teams. One is voted by the coaches of the conference, and tabulated and written by Parke Carroll, noted sports official and sports writer. The other is chosen by the sports-writers for the college newspapers.

Four Bearcats were honored by votes from the coaches. Roy Brown, forward, and Donald Sipes, guard, landed berths on the first team; Wallace Hicks, guard, was chosen on the second team, and Ike Howell, center, received honorable mention.

Other members of the first five were Keth, forward, and Troutwine, center, Warrensburg; and J. McDonald, guard, Cape.

The second team included Workman, forward, and Neibrugge, guard, Warrensburg; Philbrick, center, Springfield, and E. McDonald, guard, Cape.

Mr. Carroll commended the Maryville men on the first team by saying, "We doubt if the Teachers College ever had a finer player than Brown", and "Sipes is the best rebound man in the state, especially off the offensive backboard."

Mr. Carroll also picked Brown and Sipes as his all-state selection, with Brown his choice as captain.

The sports writers of the conference evidently do not see the players as the coaches do. Although Maryville was the only team that could defeat the Mules, only one Bearcat gained a place on each team, with Brown placing on the first five and Hicks on the second.

The sports writers' disagreement with the coaches choice of the first five was in the choice of E. McDonald in the place of his brother, Joe, and Neibrugge, Warrensburg, instead of Sipes at guard. Troutwine was the unanimous choice for center position, with Brown Keth receiving all but one first string vote for the forward positions.

In company with Hicks on the second team are Workman, Warrensburg, and Kiehne, Cape, forwards; Philbrick, Springfield, center, and Adams, Cape, guard. Donald Sipes and Bud Green were given honorable mention at forward and guard positions, each getting one vote for second team berths.

Hell Night for New Members of Sigma Mu

The big nights in the pledge-ship period given by a fraternity on the campus are those commonly termed "Hell Nights". After the Press dance last Friday night thirteen boys took their escorts home, but they, the gentlemen, didn't go home. That is, not until the late hours of the morning. The boys spent some very exciting moments during which policemen were confided in, night-watchmen were confronted for aid, and much silent prowling was done. The dormitory girls shared in some of the fun even if they didn't like to be awakened at 2:30 o'clock in the morning by the loud barking of a dog or consistent squawking of chickens. These and many other pranks were played that night and also on the following night.

If your ardent admirer, girls, failed to take you to Church on Sunday morning, he was probably catching up on lost sleep. If he didn't wish to walk to town on Sunday evening it might have been that his feet were a bit lame from the journeys of the previous evenings. If you wish to find out more

about the duties of a pledge to the Sigma Mu Delta fraternity it is your privilege to ask any of them for they may have many an interesting yarn or two to tell. They should remember what happened as it was firmly impressed upon their minds.

The committee in charge of the entertainment of the pledges on these nights was headed by Robert Phipps. The following boys were the actual pranksters in these nights of fun: Forrest Petree, Frederick Schnieder, Bob Bowles, Thomas Boyd, Edwin Tyson, Fred Davidson, Leonard Martin, Dale Hartley, Frank Hayes, Bob Mitchell, Paul Tracy, Jewell Myers, and J. K. Phipps.

Miss Alline Fentress spent the week-end visiting with friends in Kansas City.

Miss Eunice Scott was visiting friends in the Hall Saturday night. Miss Scott is a graduate of the College.

Dr. Charles Lee Talks On 'Next Education Steps'

"The outlook for those entering the teaching profession is better than it has been for several years", said Dr. Charles A. Lee in his assembly address Wednesday morning. Dr. Lee, who has been at the College many times, was superintendent of schools in Missouri for twelve years and is now professor of education at Washington University at St. Louis.

Dr. Lee spoke on "The Next Steps in Education". He said that the fundamental thing we are adopting is a new meaning as to the length of the educational process. Instead of education being confined to a certain number of years we are accepting to some extent the proposition of education becoming a life time adventure. Dr. Lee believes that all phases of adult education will be added. Secondary schools will be extended. More stress will be put upon the solution of immediate problems in education.

The Missouri educator told of a trend away from static furniture in the school room. Teachers are handicapped by rigid desks screwed down to the floor. Movable furniture is being substituted for stationary desks.

"There is a trend away from standardized tests," said Dr. Lee. "Tests are taken too seriously. They give the idea only of a small part of the child."

There is also a trend away from trying to imitate industry. Many mistakes have been made by comparing schools to industries. Administrative technique in the past has been learned from big business. The fundamental philosophy underlying each is entirely different.

Dr. Lee named several trends in education at this time. He said that more emphasis is being placed on child growth and development and less on formal acquisition of fact. There is a trend away from extreme specialization of subject matter.

Dr. Lee mentioned the trend toward the utilization of resources of the community in aiding teaching programs. Less emphasis is being put upon the specialization of teachers in subject matter. There is a trend toward cooperative program of school administration. The use of an adopted textbook is no longer practiced. Formal recitations are no longer in approval.

Dr. Lee closed by saying, "The

main object in teaching is to create such an attitude on the student's part that at the end of the year the course will not be over, but will be just beginning."

Track Aspirants Working Outside

As the second week of the spring quarter ends, the Bearcats are taking advantage of every opportunity to work out on the cinder path west of the gymnasium in preparation for the State Indoor Track Meet at Columbia, March 26.

With approximately forty men taking daily drills, ten letter-men are rounding into their old form. Members of last year's squad who did not earn enough points for a letter are providing stiff competition in most of the events. Freshmen who are looking especially good are: Zembles, high jump and weights; and McLaughlin and Reital in the hurdles.

If Coach Stalcup can find a pole-vaulter the Bearcats will have a good chance to wrest the title from the Cape Girardeau Indians, last year's champions.

THE WALLS ARE SMILING

The walls of the halls of M. S. T. C., as the students, are putting on their best smiles for the visiting school people who will be at the College March 20.

The main reason is, of course, the new coat of paint whose odoriferous presence we have been closing doors against for the last few weeks. Not content with such a commonplace explanation, however, we are opining that the old walls will be happy to see so many of the kind of people they have sheltered throughout their wooden existence.

In any event, laudatory and profuse have been the comments on their brighter and more cheerful appearance.

THE LATEST DIGEST POLL

There is more drinking in American colleges since prohibition according to the latest Literary Digest poll.

Avoiding the temptation to make the obvious remark concerning the dependability of the famous Digest surveys, and giving the magazine the benefit of the doubt, perhaps there is more drinking in American Colleges.

If this is so, however, it simply adds to the credit of the faculty and students at Northwest Missouri Teachers College. This school was one of 60 out of 363 colleges reporting probably less drinking since prohibition. Even if not, the report stated, liquor is no problem here.

Authenticity is lent this statement by the fact that students themselves answered the Digest query concerning the question. Surely students should know.

As a matter of fact, drinking is usually less of a problem in small colleges than in large, as it is also less of a problem in small towns than in cities. In a small school the student is made to feel more of a distinct individual whose conduct is a matter of concern to persons around him, than he is at a large college where his personality is somewhat obscured by the mass.

THE SUPREME COURT FIGHT

Whether we like it or not, President Roosevelt is going to win his fight against the Supreme Court.

The fanfare and war cries of the Liberty Leaguers and the lawyers have begun to die down to occasional sharp volleys from the newspapers.

The big guns back in the hills, from the president's main army, are beginning to boom. First shots were fired this week with the convention of labor's Non-Partisan League assuring the president of labor's "to a man" support, and with the assurance of sixteen national and state farm organization leaders that farmers are for him.

Legislators, like everybody else, are impressed by a big noise, but it is pressure from the folks back home which influence their votes.

When a University of Minnesota male was being interviewed to determine the type of woman, blonde or brunette, he preferred, he said: "I like 'em all, but they can't be bald-headed."

characterize the concept of God. God is not a gigantic physical being but rather an influence which is a part of everything and coordinates all things.

The scriptures represent the best statement of the relationship between God and mankind. The teachings of Christ may be thought of as a revitalizing influence on religious thought which has been a dominant influence since the dawn of civilization. The Golden Rule, the concept of a life of service, adapts the philosophy of religion to the social order in which the individual receives recognition—a democracy. The modern church is being forced to supplement the emphasis on immortality by a greater stress of things that make for the better life, that is, the life today. It has not been easy for the church, fettered to the traditions of the past, to incorporate the fuller program. The services of the church to society has been extended in recent years and will continue to be extended.

Religion is still a potent force which helps to give direction to the onward stream of civilization. If religion is to be regarded as a psychological experience, then an individual's concept of religion is personal in nature. Each one has his own concept of God, each has his own concept of immortality, each has his own concept of what is his proper relationship to his fellow man.

KEEP IT DARK

Edmonton, Alberta—(ACP)—By keeping cod liver oil in the dark, two Canadian scientists have thrown new light on its effective use.

Cod liver oil, which contains the rickets-preventing vitamin D, is also a source of the growth-promoting vitamin A, but, says Dr. W. D. McFarlane and his associate, L. Rudolph of the University of Alberta's biochemistry department, this latter vitamin is destroyed by exposure to light.

Therefore, they claim, cod liver oil should be kept in amber-colored bottles and in a cool dark place.

Sigma Mu Delta Holds Initiation

Gamma chapter of Sigma Mu Delta, social fraternity of the College, held a special meeting at 3 o'clock Sunday afternoon in the chapter rooms at the home of Mrs. Nelle Weeda, 322 West Seventh street. The meeting terminated the pledgeship of the following boys who were given the formal active initiation of the chapter: Forrest Petree, Savannah; Frederick Schneider, Stanberry; Thomas Boyd, Forrest City; Edwin Tyson, Skidmore; Leonard Martin, Guilford; Dale Hartley, Savannah; Frank Hayes, St. Joseph; and

Ursle Crockett, Jr., Maryville.

It was announced the fraternity will give its annual spring formal May 22. This dance is the last social function of the fraternity until the fall quarter and so it is the custom of the fraternity to make it the biggest and best social affair of the year. The fraternity will hold an election of officers March 17.

Varsity Villagers Party Tonight

The Varsity Villagers will hold an informal St. Patrick's Day party tonight at 7:30 o'clock in the Recreation Room. The first

part of the evening will be spent in playing games and there will be dancing during the rest of the evening.

Doris Hiles, social chairman, of the organization is general chairman for party arrangements. Marjorie Keyes heads the refreshment committee which includes Dorothy Dalbey, Esther Gates and Helen Estep. The floor committee consists of Mildred Henslee, chairman, Sue Broderick and Helen Ford.

On the entertainment committee are Pauline Valkup, chairman, Marjorie Eppard and Dorothy Carter.

In charge of decorations are Edra Cattrell, chairman, Mary Ruth McGinnis and Betty White and the publicity committee consists of Betty White, chairman, and Mary Anne Hamilton.

Book Club Meets

The Book Club met Monday evening at the home of Dr. Anna M. Painter. Famous libraries were discussed by Dr. Painter, Dr. Lowery and Miss Estella Bowman.

Rare books will be exhibited at the next meeting, April 12.

Fr. Patrick Talks On 'Divine Comedy'

The structural beauties of Dante's "Divine Comedy" were stressed in a discussion of the poem by Father Patrick Cummins, dean of the seminary at Conception Abbey, at Residence Hall at the College Sunday afternoon.

Approximately 100 persons heard Father Patrick describe his

discovery of an unsuspected keynote harmony in the "Divine Comedy."

The lecture, which had been postponed from February 21, was the final talk in the February Lecture series at the College. Following the discussion, tea was poured by Miss Helen Crahan, of the Conservatory of Music, and Miss Eileen Logan, of the department of physical education.

Says Henry Schriver, member of the championship apple judging team at Ohio State University: "Judging an apple is like judging a beautiful woman; if they are wrinkled or if they do not have the right color they are no good for show purposes."

Noted Metropolitan Opera Star finds Luckies easy on her precious throat—

Marjorie Lawrence says:

"You must have a big voice to sing Wagner. My favorite role of 'Brunnhilde' in Wagner's 'Götterdämmerung' is a very exacting one. Yet—when I am back in my dressing room after I have finished singing, there is nothing I enjoy more than lighting up a Lucky. It is a light smoke—so gentle—so smooth—that it does not irritate my throat in the least. I agree with the others at the Metropolitan that a light smoke is a wise choice."

Marjorie Lawrence

BRILLIANT SOPRANO OF THE METROPOLITAN OPERA COMPANY

An independent survey was made recently among professional men and women—lawyers, doctors, lecturers, scientists, etc. Of those who said they smoke cigarettes, more than 87% stated they personally prefer a light smoke.

Miss Lawrence verifies the wisdom of this preference, and so do other leading artists of the radio, stage, screen and opera. Their voices are their fortunes. That's why so many of them smoke Luckies. You, too, can have the throat protection of Luckies—a light smoke, free of certain harsh irritants removed by the exclusive process "It's Toasted". Luckies are gentle on the throat.

Big Intramural Program During Spring Quarter

The intramurals got under way this week with the starting of the two ping-pong tournaments. The planned schedule for spring contains enough different sports that every man on the campus should find some event in which to enter. As a majority of the spring sports are out-door events, the time for them must be determined by the weather.

Attracting attention now is "soft ball" or "kitten ball". The teams are allowed fifteen men each, and players cannot transfer from one team to another. Short course students and faculty members will be allowed to compete. Games were played last year on the two diamonds just north of the gym at 5 o'clock. The team managers are responsible for their own officials the same as they were in basketball this year.

Another big favorite in the spring is tennis. There will be a doubles and singles tournament arranged as single elimination affairs. Last year there were more than 125 competed in the two tournaments. J. Norval Sayler and Herbert R. Dieterich won the doubles championship last spring.

Golf will have both one and two man teams. All matches will be eighteen hole medal play.

Horseshoes will be two out of three games played to twenty-one points each. These will be played just to the north of the gym.

This year two new sports are being introduced into the field of intramurals with the idea of mak-

ing them a permanent part of the program.

An intramural track meet makes its first appearance in the school this spring, providing there is sufficient interest to warrant having one. This meet will be upon an individual basis rather than on a team basis, and the winner will be the high point man. There will be a limit placed on the number of running and field events one person will be allowed to compete in. It is planned to shorten the running events and cut out any race over a quarter of a mile long. There is a possibility that a sprint and a medley relay will be added and any one running on a winning team will receive points towards the high score.

The other men activity making its initial appearance this quarter is swimming. The meet will be conducted on the same plan as the track events. All of the Red Cross examiners will be considered the nearest the school has to a varsity squad and will therefore be disqualified from competition. It is the hope of the intramural commission that it will eventually be able to develop sufficient interest in swimming to have a regular swimming team added to their list of minor sports in school.

W. A. A. Volleyball Getting Under Way

The W. A. A. volleyball season is progressing nicely with twenty-nine girls reporting to practices. Marjorie Schneider, manager, plans to have the first tournament March 15. This will be an intramural round robin tournament. The captains of the teams are: Majorie Farmer, Mary Jo McGee, Doris Stafford, and June Patchin. The class tournament will begin March 22, which will be an elimination affair.

W. A. A. is offering two other activities this quarter by which girls may secure points. One is the Dance Club which meets on Thursday nights at the gymnasium at 7:30. Norma Ruth Logan was elected dance manager for the spring quarter. The other way by which girls can secure points is swimming. Bee Leeson is swimming manager. The group meets on Tuesdays and Fridays at 4:45 at the gymnasium.

To Broadcast Play

Three members of the O'Neillian Dramatic Club will broadcast a one-act play, "Good Medicine," over KFEQ, St. Joseph, this afternoon at 5:15 o'clock.

The cast follows: Dr. Graves, Forrest Magee, Albany; the nurse, Marjorie Fisher, Maryville; Hettie Sage, Ethel Hester, Mound City.

The play was presented before a meeting of the Club in the auditorium Tuesday evening.

Roy Brown Joins Santa Fe Trails

After eight years of basketball in high school and college, Roy Brown, Bearcat forward and center, has entered a career of independent basketball with the Santa Fe Trails, a famous team of the A. A. U. conference.

He left Maryville Monday night to join the Trails at Kansas City. They played at Hutchinson, Kansas, Tuesday night and are now at Denver, Colorado.

Brown earned four letters in basketball while attending high school at Desloge. When he was a senior his team participated in the state high school tournament.

He has played an important part

in Bearcat victories in his four years at Maryville. Alternating at forward and center, he has twice been chosen as a member of the MIAA all star team, and has also been chosen twice by Parke Carroll as one of the five best men in the state.

Brown was also a letter man in track and will be missed this spring in the 220 and 440 events.

This department extends congratulations to a great athlete and a splendid fellow.

SPORT BRIEFS

By GLENN ROUSE

When Jackson High School, coached by Ryland Milner, a former Bearcat football and basketball star, enters the State Championship basketball tournament in Columbia next week it will be the fourth time in five years that Jackson has appeared in the tournament.

In 1933 Jackson, then coached by Wilbur Stalcup, present Bearcat mentor, succeeded in winning second place. The next year the same boys with an added year of experience returned to Columbia and captured the state title under the direction of Milner. In 1935 Jackson lost out in the regional finals, but by last year Milner had again developed a regional champion and state contender. This year his boys have a clean record with sixteen successive victories and no defeats and may prove to be the dark horse of the tournament.

In addition to earning a berth as a forward on the all-state and MIAA selections, Capt. Roy Brown was chosen to play with the Santa Fe Trails in the National tournament in Denver next week. Making his first appearance as an independent playing with the Trails in an exhibition game against the Laemele All-Stars, Tuesday night, Brown scored four buckets, being outscored only by Jack Osburn, flashy Trails forward who tallied seven.

Gene Sarazen, who three years ago was rated the best golfer in America, is making a serious effort to regain the form that made him a champion. Sarazen has reduced his weight from 175 pounds down to 160 and intends to take off ten more. He plans to retire from competition within the next three years.

Congratulations to Capt. Brown. Bo Sipes and Pop, Hicks and Ike Howell for their rating among the MIAA all-stars.

By winning the St. Joseph regional tournament the Maryville High School Spoofhounds earned the right to enter the State High

Planning Starts for H.S. Senior Day At College

Seniors of all the high schools in Northwest Missouri and Southern Iowa have been invited to attend the annual Senior High School day to be held here April 5.

Dr. Mehus, general chairman of the committee in charge of the event, said the invitations had asked the seniors to be at the college at 8 o'clock in the morning. A full day has been planned for them. They are to visit classes and exhibitions from the time they arrive until 11 o'clock when there will be an assembly.

President Uel W. Lamkin, Dean J. C. Miller, and Dr. Blanche Dow will make speeches of welcome to the seniors, and the music department will present several numbers.

After the morning assembly the visitors will be served lunch in the auditorium, followed by a dance in Social Hall and the West Library.

Another assembly, this one by the college students, will be held in the afternoon. All the organizations in school will be represented, and each will explain his organization to the seniors.

Some of the exhibitions planned for the big day are swimming and diving in the college pool, a moving picture, and several class demonstrations.

The committees for the day are: general chairman, Dr. Mehus; exhibits, Miss Helwig and Miss Anthony; luncheon, Miss James, Miss Villers, Miss Stevenson; dance, Dr. Alexander. The guides are to work under Mr. Surry. Mr. Gaudin will have charge of all publicity; the reception committee will be Mr. Somerville, and Miss White. Mr. Saylor will have charge of the movies and athletics, and Mr. Ferguson will take care of the parking of the cars.

Y. M. C. A. TO MEET

The College YMCA will continue its study of sex problems facing college men at a meeting in Social Hall at 7:30 o'clock Tuesday night. William T. Garrett, of the department of biology, will speak.

The men of the College, and in particular freshmen who did not have the opportunity to take part in last year's study, are invited to attend.

School basketball tournament. It will be the third straight year that the Spoofhounds have represented this part of the state in the championship tourney. In 1935 they lost out in the first round, last year they were nosed out by Joplin in the semi-finals, but won the consolation to take third place in the tournament. This time the Spoofhounds are aiming for the championship.

It won't be long before the order of finish in the major league baseball campaigns will be the concern of all the died-in-the-wool fans. So I am venturing a guess, take it or leave it. The American league will close the season in the following order: New York Yankees, Cleveland Indians, Boston Red Sox, Philadelphia Athletics, Detroit Tigers, Chicago White Sox, Washington Senators, and St. Louis Browns. The National league, St. Louis Cardinals, Pittsburgh Pirates, New York Giants, Cincinnati Reds, Chicago Cubs, Boston Bees, Philadelphia Phillies, and Brooklyn Dodgers.

Residence Hall Formal Dinner

The women of Residence Hall entertained faculty members at a formal dinner, Tuesday, March 9.

Music for the evening was furnished by Eleanor Hunt, Lois McCartney, and Marian Kirk. After dinner coffee was served in the parlor, with Ludmila Vavra pouring.

The guests were: Miss Carrie Hopkins, Miss Nell Hudson, Mr. and Mrs. R. E. Baldwin, Mr. and Mrs. S. A. Durban, Miss Lucille Brumbaugh, Mr. and Mrs. T. A. Gaudin, Mr. and Mrs. Hubert Garrett, Miss Elizabeth White and Dr. Henry Alexander.

General chairman for the dinner was Dolores Bolin. The guests were greeted by the social committee. Other committees were: arrange rooms for wraps, Dolores Bolin, Emma Lee Vance; table decorations, Louise Wanner, Violet Breaves, Mildred Umbarger; seating arrangement, Mary Martha Peterson, Janice Dougan; music, Virginia Millikan, Mildred Robinson; table setting, Leone McIntosh, Esther Spring; removing cups, Beulan Frerichs, Doris Laurence Elizabeth Patterson; kitchen, Wilberta Means, Frances Bloomfield, Mary Virginia Lewis; ask to table, June Patchin, Lois Utterback, Kathryn Wieser; refilling, Margaret Stafford, Marjory Farmer and Martha Goodwin.

Speak In St. Joseph

Miss Helen Crahan, with the assistance of the Freshman Girl's Trio, composed of Dury Davis, Dorothy Lackey, and Portia Wilson, will give an illustrated lecture before the Capp Musical Club of St. Joseph, on Thursday afternoon, March 18. The subject of the talk will be "The Art Song".

This lecture will conclude a series of lectures given at the Hotel Robidoux for the Club by the music department of the College. The first lecture was given by Miss Kerr, the next two by Mr. Irvine, chairman of the department.

Miss Crahan and the same group of girls gave an illustrated lecture on the "The Folk Song" before the club at their February meeting.

Mr. and Mrs. Holmes, 615 West Second Street, have installed a new regulation ping-pong table in their home, giving much enjoyment and exercise to the girls who stay there.

The new girls in the Hall this quarter are Miss Virginia Gibson, St. Joseph; Miss Elizabeth Patterson, Colburg, Iowa; Miss Mary Harmon, Hopkins.

Pastors and Laymen Speak At College

Well-known pastors of Nodaway County and St. Joseph were the principal speakers at the Laymen's Teaching Mission at the College Tuesday, which considered youth, crime and their relation to religion.

Talks were given at the afternoon session by:

Rev. E. L. Erwin, South M. E. Church, Maryville; Wallace Croy, principal Maryville High School; H. S. Thomas, superintendent, Maryville public schools; Mrs. Edward W. Gray, vice-president, High School P. T. A., Maryville; H. R. Dieterich, principal, College High School; Rev. V. C. Clark, First M. E. Church, Maryville, and Rev. W. S. Insley, chairman Nodaway County Sunday School Council of Religious Education.

Principal speaker at the evening meeting were: Tracy E. Dale, Clarence A. Speer, Robert Edson, and Dr. G. R. Baldwin, all of St. Joseph. Dr. O. Myking Mehus, of the College faculty, presided at the morning session, with Rev. W. S. Insley in charge of the evening meeting. Music was furnished by students in the Conservatory of Music.

Miss Lois Steen of Diagonal, Iowa was visiting friends in the Hall Sunday. Miss Steen is a former student of the College.

Tower Queens Crowned At Scoop Dance

Seventy-six couples at the Scoop Dance last Friday saw the Tower Queens crowned with flower wreaths by Velma Cass. The Queens are Miss Mary Ann Hamilton, Miss Mary Powell, Miss Lois McCartney, and Miss Elizabeth Turner.

The girls were presented by Miller Weeda, editor of the year-book and selected by Eddy Duchin, well known orchestra leader.

As another feature of the evening Justin O. King, editor of the NORTHWEST MISSOURIAN, gave the following prizes: The dumbest man in school, Jack Wright; the girl with the best line, Mary Turner; the hardest professor, Bob Phipps; the girl who landed her man most effectively, Ethel Hester; the most persistent gold-digger, Gladys Miller; the laziest man, Joe Coffey; the best apple-polisher, Jerry Rowan; and the fastest man, John Zuchowski.

Guests of honor were: Mr. and Mrs. Jack Stapleton, Mrs. M. W. Stauffer, Mr. and Mrs. R. T. Wright; Mr. and Mrs. Norval Sayler, Mr. and Mrs. Wilbur Stalcup, Miss Margaret Stephenson, Miss Eileen Logan, and Mr. Sterling Surrey.

Mr. and Mrs. R. E. Baldwin and Mr. and Mrs. T. A. Gauldin were chaperons.

Graduate Appointed To New Position

Louis Groh of St. Joseph, a graduate of the college here, was appointed camp education supervisor of Civilian Conservation Corps Company 4701, Camp Bluff Creek, Kingstown, Kans., according to word received here this week.

Groh was appointed to the CCC educational department on Feb. 12, but it was not until this week that he knew to which camp he would be sent. He was informed of the appointment by Major B. F. Hurles of the Seventh Corps Area Headquarters.

Groh resigned from his position in St. Joseph as supervisor of Worker's Education, where he has been working under E. W. Mounce, formerly a member of the College faculty here.

Louis has worked in the adult education field in St. Joseph since graduation from college in 1935.

President Lamkin, Dr. O. Myking Mehus, and other members of the college faculty recommended him for the new position.

Dr. Mehus received a letter from Groh this week. Parts of it follow: "I took the oath of office yesterday and will start checking on the education of each man in the camp tomorrow.

"We have 192 men here in Company 4701. I live in the officers quarters."

He goes on to say they have one of the largest CCC projects in the United States. The men are building a large dam at Bluff Creek.

Groh has served in the 128th Field Artillery Band of Maryville for the past three and one-half years and will be discharged as a sergeant.

While in the college here, he was a member of the band and orchestra, head student cheer leader, a member of the Barkatze pep organization, secretary-treasurer of the senior class and a member of the Sigma Tau Gamma fraternity.

Mrs. Louis Groh, daughter of Mr. and Mrs. D. F. Sherlock, of Maryville, will remain in St. Joseph until further arrangements are made. She will make frequent visits to the home of her parents.

3000 School People Invited to Attend Elementary Education Conference Here

(Continued from page 1.)

giving a series of lectures at the Locarno Conference, he spent some time studying the new Russian education.

Mr. Washburne is also the author of more than 100 articles in professional publications and is author or co-author of twelve books.

Dr. Ellis, of the University of Missouri is president of the National Council for the Social Studies. He edited the "Year-Book" of the Council for this year, which was devoted to a study of education against propaganda. On the faculty at Missouri for seven years, he was formerly at the University of Iowa where he took his Ph. D. degree. Before going to Iowa he taught in North Dakota and Minnesota. He was on the

faculty of the State Teachers College at Mayville, N. D. for three years.

In addition to a number of articles, Dr. Ellis has had two books published: the "Directed Study Workbook in U. S. History" and "Directed Study Workbook in the March of Civilization". At the present time he is gathering material and preparing the manuscript for a biography of Senator Henry Moore Teller, a study of the free silver campaign from 1875 to 1900, and a study of the training of high school social science teachers.

Lloyd W. King, state superintendent of public schools, is a native of Missouri. After finishing the public schools he was graduated from William Jewell College and later received the Master's

degree from the University of Missouri.

His teaching career began at Palmyra, and includes service as principal of high schools at Memphis and Shelbyville, a fourteen year term as superintendent of schools at Monroe City, and some years as summer-session instructor in education at Culver-Stockton College at Canton.

Mr. King is a World War veteran. After the Armistice, he served for some months as the school officer for the district of Bourges, France.

Since coming to the office of State Superintendent of Schools, Mr. King has devoted his energies and leadership to the furtherance of the cause of better educational opportunities for the boys and girls of Missouri.

Another Missouri educator appearing on the program is Willard E. Goslin, superintendent of the Webster Groves schools, which position he has filled for the last

seven years. Mr. Goslin received his B. S. in Education from the State Teachers College at Kirksville, and his M. A. degree from the University of Missouri. He has also done graduate work at Columbia University Teachers College.

He spent four years in the rural schools of Boone county before going to Slater, Mo., where he spent one term as principal of the high school and five as superintendent. He served a year as elementary principal in Webster Groves before taking his present position.

Junior-Senior Prom Tomorrow Night

The junior class will give the annual Junior-Senior Prom tomorrow night in the West Library. This year the Juniors are trying to make the dance the best that has ever been held.

The decorations will have as their theme an aviation hanger

with the orchestra sitting in an airplane.

Guests of the dance are: President and Mrs. Uel W. Lamkin, Dean and Mrs. J. C. Miller, Miss Mattie M. Dykes, Miss Margaret Stephenson, and Miss Alline Fentress. The chaperons will be Dr. and Mrs. J. Roy Ferguson and Sterling Surrey and his

The committees in charge of the dance are: general committee, Frederick Zuchowski, Mary Peck and Clara Lippman; program committee, Virgil Woodside and Lucille Mason; invitations, Edwardena Harrison and Gerald Rowan; decorations, Kenneth Allen, Beatrice Leeson, Harl Holt and Beulah Fericks.

Dale Kern and his orchestra will furnish the music for the Prom.

Homer T. Phillips, of the College faculty, was in Jefferson City on legislative business Tuesday.
